

Here's Warming, Soothing Relief From Your Rheumatic Aches

For prompt relief from Rheumatism, Neuralgia, or Lumbago, you can depend on Sloan's Liniment. The warming, soothing, counter-irritant effect is the quickest way to overcome the inflammation, swelling or stiffness. A few drops go right to the sore part, draw the blood from the congested place and remove the cause of the ache. The great penetrating power of Sloan's Liniment makes rubbing needless. It is easier and cleaner to use than plasters or poultices. It does not stain the skin or clog the pores. A bottle of Sloan's Liniment is all you need for quick rest and relief from the pains of sprains, bruises, backache, stiffneck, and most forms of rheumatic twinges. Generous size bottles at druggists everywhere. \$20, 50c, \$1.20. —(Adv.)

CITY HEALTH FORCE ORGANIZED AGAINST "FLU"

7,000 ILL IN ZONE, BUT ONLY
2,000 INFLUENZA.

One Visiting Physician Volunteers—Forty-Seven Deaths at Post Since Oct. 1.

Chattanooga is "on its toes." As systematically as its officials organized for the relief of the recent flood victims, though not on such a large scale, the health department, co-operating with the government health officers stationed here, has formed its working corps and is in the field fighting the spread of influenza. Volunteer nurses have responded and are being sent the rounds, testing cases and giving advice. Where it is found that the case is other than a light attack of influenza, a physician is at once sent. Cases are being indexed and filed through a card system. One volunteer clerk is now in service; another is needed.

Says D. D. D. Healed Him of Skin Disease—It Will You, Too.

D. D. D. Co., Chicago, Ill.
Gentlemen—While at a sanitarium in Kansas City about a year ago I became affected with what I believe to have been one of the most aggravated cases of eczema anyone ever experienced. I went to my attending physician and told him my trouble was setting me almost wild, and that I must have relief. He recommended three Ds, and you have no idea how much relief I got even from the first application. I have a friend, an old gentleman, to whom I recommended your medicine, who stated to me that he had had eczema in such a violent form that he had not enjoyed a good night's sleep in twenty years, and the first night that he used three Ds he retired early and slept soundly all night. He is profuse in his praises.

I am unable to express myself in as fitting terms as I would like, and if you wish a statement from me to use as a testimonial, if you will prepare one, making it as strong as you like, I will be glad to sign it.
Yours very truly,
H. J. BOWERS,
Cashier First National Bank,

hood of 7,000 cases in the Chattanooga zone. This extends from the north limits of North Chattanooga to Chickamauga park. Of these 5,000 are said to be within the city. Only 2,000 of these zone cases and 1,500 of the city cases are said to be influenza, however. The others are mild instances of the grippe, which in many instances have caused uneasiness and undue excitement in the families affected. Seventy-five new cases were reported Wednesday. So far, the inspectors have reported on 543 cases. There have been but comparatively few deaths. Wednesday's official report from Oglethorpe was that there were 2,557 cases of influenza in the camp hospitals. There were forty-seven deaths recorded from the post since Oct. 1. Physicians both at the park and in the city insist, however, that the epidemic has reached its peak and that it is now on the decline.

Physicians Needed.
In response to the suggestion which appeared in The News Wednesday, Dr. F. R. King, of Iowa, who has been ordered to report to Camp Greenleaf and is here awaiting his commission, volunteered his services in the emergency. An epidemic of influenza in Iowa and is well posted on the disease. As there are numerous other physicians who are here either awaiting orders to report or who have been rejected at Chickamauga on account of some physical defect, it has been suggested that these form a volunteer force to relieve the city, as what physicians there are being unable to make all the calls that the epidemic is causing. The government industrial clinic has had small instruction sheets printed, which are being distributed about the city and through the zone, warning people to take the utmost care of themselves, giving symptoms and advice.

An official report just received at the city hall shows the following results of the epidemic in other states:

Bork, George E. Williams, Robert Stahl, Cleve Perrin, W. E. Jelf and Henry Scheerer.

SPEED CLASSIFICATION

Want Tennessee to Be First State in Union to Complete Draft Quota.

The task which has been set the selective service machinery personnel of Tennessee, according to Richard R. Farr, inspector attached to the provost marshal-general's office, who is here attending the council of national defense conference, is to complete entirely the classification of the Sept. 12 registrants in 100 days, so that everything will be finished by Jan. 1.

Mr. Farr is assigned to the states of Tennessee, Kentucky and North Carolina, and has just finished an inspection of Tennessee headquarters at Nashville, where he found everything in excellent shape, desks cleared for action ready to have Tennessee's report made in full by the first of the year. Maj. Rutledge Smith, here with Mr. Farr, said this morning that Tennessee would most surely meet the task expected.

It is desired by Mr. Farr that he be emphasized that the utmost speed in the great work of classification be used by all local and district boards. They are expected to do in three months that which took eighteen months before, and he wants Tennessee to be the first state in the Union to entirely complete its work.

COUPONS NOT EXCHANGED

Thibaud Concert Postponed—Tickets Not Exchanged.

Tickets to the Jacques Thibaud concert will not be exchanged Friday at the Pilgrim church as announced. It was decided at a meeting of the Chattanooga Music club Wednesday to postpone the matter of exchanging the coupons until a later date. The concert by Jacques Thibaud, the renowned French violinist, who has been wounded at the front, has been postponed on account of the influenza situation, and an effort will be made to make another date as early as possible.
